

The Impact of Employee Relief

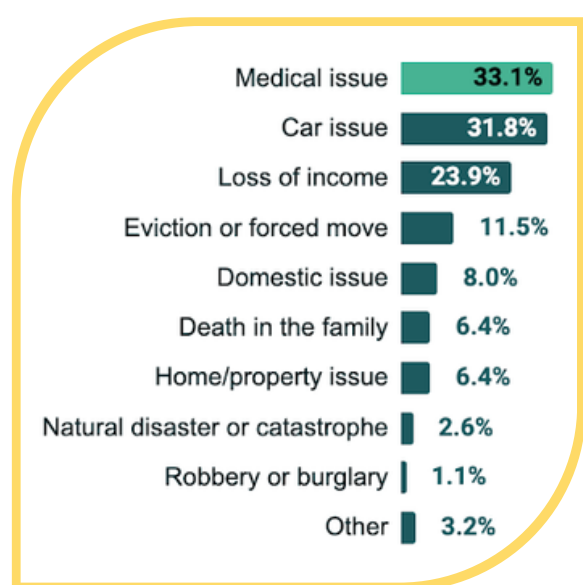

A FINANCIAL LIFELINE DURING MEDICAL EMERGENCY

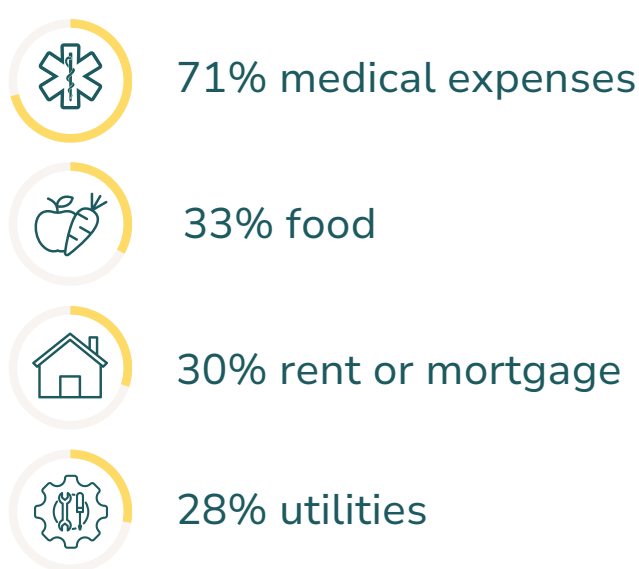

Nearly 4 out of 5 employees with high financial stress say medical debt distracts them from work.

Medical issues are the #1 grant request & make it hard for employees to afford basic living expenses

The benefit for employers

POWER PRODUCTIVITY

Employees facing financial hardship **spend 9+ hours per week** dealing with the issue while at work.

EMPOWER WELL-BEING

Over 90% of grantees agree the relief fund makes them feel better about working for their employer.

INCREASE RETENTION

72% of grantees are more likely to stay with their current employer than leave for an employer without a hardship fund.

"After experiencing several financial setbacks due to a chronic illness and an accumulation of medical and living expenses, I am so relieved that I have a team of people who actually cares about the employees in their company. A weight has been lifted."
